Why land lease living?

It's a lifestyle created through the land lease model, a popular housing option in Australia and internationally that allows you to purchase a home, while leasing the land.

Masterfully planned for living

The masterplan will be brought to life in stages, delivering home collections within the secure grounds of the gated community, alongside an array of recreation, wellness and lifestyle spaces.

Inspired by the beauty of the breathtaking bush and coastal landscapes, the estate was specially designed to blend seamlessly with the natural environment, while preserving the existing mature trees and open green spaces.

Everything is crafted to be easy, social, and low maintenance, inviting you to enjoy life more – whether its immersing yourself in nature, card games in the Clubhouse, a BBQ with neighbours, or a stroll to the golf club next door.

FAQs

(a.k.a. the things everyone asks)

1. Do I really own my home?

Yes! You own your home outright — you just pay a simple weekly site fee for the land, access to amenities, and maintenance of the community.

2. What's the Site Fee cover?

It's one handy fortnightly direct debit that covers:

- The land lease
- Maintenance of shared areas (gardens, roads, clubhouse)
- Access to community hall and other facilities

You just need to budget for your own utilities — water, power, internet — nothing unexpected.

3. Can I get Government Rent Assistance?

If you're eligible, yes! Many residents receive Commonwealth Rent Assistance, which helps offset that site fee. Centrelink or Veterans' Affairs can confirm your eligibility.

4. What legal protections do I get?

You're covered under The Residential Tenancies Act (2010), which means your rights as a land lease resident are well looked after — just like renting.

5. Any sneaky fees?

No:

- No stamp duty
- No entry or exit fees

6. What about guests and pets?

Absolutely. Guests? Bring them along. Pets? Small furry friends are welcome too — just register them with your Community Manager.

7. How's rubbish, mail, maintenance handled?

Rubbish: Weekly general waste, fortnightly recycling; green waste can be removed by request.

Mail: Dropped into your letterbox by the regular postie.

Home Maintenance: Your home is built for minimal fuss. We'll suggest a few handy upkeep tips — but no major repairs unless something odd happens.

8. What about flood and fire?

The estate is not located in a mapped bush fire or flood risk area.

9. How do I pay for my utilities?

Water: Each home has its own meter, so you're billed for exactly what you use.

Electricity: Supplied through an embedded network, which means bulk-buy savings for all residents.

Internet: High-speed fibre is connected to every home — you just choose your provider from the approved network.

10. Can I customise my home?

We offer a range of homes and provide a variety of upgrades and colour schemes for you to choose from. And once you're in, internal changes are allowed within guidelines — just keep external colour or structural changes consistent to protect your investment.

11. If I sell, do I keep the profit?

All of it. You appoint whichever agent you like, and 100% of any capital gains are yours — no catches.

Still have questions?

No worries — we're always happy to chat. Give us a call, book a visit, or drop by for a cuppa. We'll walk you through it all, no pressure, no jargon — just straight answers from real people.
